SATUSTEAM™ WEED CONTROL

Versitech Satusteam™ Applicator Head

The Versitech applicators are general purpose hand held applicators suitable for spot weeding, controlling weeds around buildings and in hard surfaces. They provide excellent weed control in parks, gardens and for organic growers.

50mm Open Head Handheld Applicator

300mm (12') Closed Head

600mm (24') Closed Head

The Ultimate Solution in Organic Weed Control

- ✓ Insulated, robust, trigger operated applicator gun
- ✓ 30m (100 ft) long high temperature hose with sheath
- ✓ Stainless steel quick release coupling with patented siltproof action
- ✓ Constructed from stainless steel and heat resistant mouldings
